

**LETTER OF SUPPORT FROM 1000+ CURRENT AND FORMER PUBLIC DEFENDERS
FROM ALL 50 STATES, DC, PR, GU, AND VI**

March 22, 2022

Dear Senators,

As current and former public defenders, we write to express our enthusiastic support for Judge Ketanji Brown Jackson's nomination to the Supreme Court of the United States and to urge you to confirm her without delay.

Judge Jackson is one of the most qualified Supreme Court nominees in history. She clerked at all three levels of our federal courts and would join Justice Sonia Sotomayor as the only sitting justices who have served as both district and circuit court judges. Judge Jackson would bring more trial judge experience than any Supreme Court justice in nearly 100 years, and for the past year, she has served on the U.S. Court of Appeals for the District of Columbia Circuit, which the legal profession has long considered the second highest court in the country. She was confirmed by the Senate to both judgeships, as well as to her position as Vice Chair of the U.S. Sentencing Commission, by bipartisan votes. Judge Jackson has demonstrated through her nearly ten years as a judge that she is fair, impartial, and evenhanded, rendering decisions by applying the facts and the law.

While Judge Jackson's impeccable credentials and reputation fit the traditional bill for Supreme Court nominees, she also would bring a unique asset to the Court if she is confirmed: she would be the first-ever public defender justice and the first justice with significant criminal defense experience since Justice Thurgood Marshall retired in 1991.

Indeed, Judge Jackson's professional diversity and unique perspective were important considerations for President Biden. According to the New York Times, her background as a public defender made her an "[appealing](#)" choice for the president, and the [Washington Post](#) reported that her public defense and Sentencing Commission experience demonstrated to him her "compassion and firsthand experience understanding the human consequences of judicial decisions." As Harvard law professor Laurence Tribe [described](#), Judge Jackson's public defense experience "spoke to [the president] in an important way" because the president – himself a former public defender – understood "just what that meant and why it gave her a distinctive perspective."

We agree that Judge Jackson's firsthand experience as a public defender will be an incalculable asset to a Court that has lacked this critical perspective for too long. She herself has spoken about how her public defense experience has helped her understand and ensure that the accused must have a clear understanding of the process, what they are accused of doing, and the reasons for the sentence imposed, in order for the system to function properly.

A public defender justice also would send an important message especially to young and aspiring lawyers about the type of legal experience our country values. Too often, past presidents have communicated through their Supreme Court nominations that in order to be appointed to the nation's highest Court, a lawyer should spend his or her career working at a corporate law firm or as a prosecutor. By confirming Judge Jackson, you would make clear that you believe defending the rights of people who cannot afford a lawyer is just as valuable as representing the rich and powerful.

As public defenders, we share our excitement at seeing someone whose career reflects our own being elevated to the Supreme Court. We hold a steadfast commitment to the rule of law and defending constitutional rights for all, and we believe profoundly that criminal defense experience is sorely needed on the Court. Judge Jackson is precisely the person to bring that experience, and we implore you to promptly confirm her nomination.

Sincerely,
